# Notice of Changes to Certification

---

**To:** Certified IGCC®/IGMA® and IGMAC® Fabricators and Auditors

**From:** Insulating Glass Certification Council (IGCC ®) & Insulating Glass Manufacturers Association of Canada (IGMAC ®)

**Date:** August 1, 2024

**Subject:** **IMPORTANT IGCC®/IGMA® & IGMAC® Reviewed Spacer List Update**

## Summary of Changes:

Effective Immediately, the IGCC/IGMA Reviewed Spacer List has been updated to reflect the following updates:

- Vetrotech/Saint Gobain no longer produces the product “SWISSPACER”. It has been removed from the Reviewed Spacer List.
- Vetrotech/Saint Gobain has introduced a new product referred to as “SWISSPACER Advance”, this is now available as an IGCC®/IGMA® & IGMAC® reviewed spacer.
- Per further clarification from the Supplier, the generic type for Vetrotech/Saint Gobain products “SWISSPACER Advance” and “SWISSPACER Ultimate” has been corrected from **PHF** (Plastic Hybrid Foil) to **PHNF** (Plastic Hybrid Non-Metal Foil).

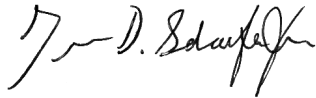

Please be aware that the change in generic type is **not due to a change in the material received from the supplier**. All participants utilizing “SWISSPACER Ultimate” or “SWISSPACER Advance” will have their certified products updated to reflect the accurate generic type as **PHNF**.

For **IGCC®/IGMA® Participants** utilizing this spacer, your updated Certificate will be available on your CIP (Certification Information Portal) account, as well as the IGCC website at <https://igcc.org/certified-products.aspx>.

For **IGMAC® Participants** utilizing this spacer, IGMAC® Staff will be providing updated Certificates reflecting this change in generic type.

Thank you for your attention to this matter. If you have any questions, please feel free to contact us any time at [igcc@amscert.com](mailto:igcc@amscert.com) or [igmac@amscert.com](mailto:igmac@amscert.com). We thank you for your support of the IGCC®/IGMA® and IGMAC® Certification process.

Best regards,

A handwritten signature in black ink, appearing to read "Terry D. Schaefer". The signature is fluid and cursive, with a large initial "T" and a stylized "D".
